**Q1 Please provide any comments on the teaching assistant's effectiveness**

- no comments, good luck with your last year of grad school!!
  - Ben is one of the best TA's I have had. Extremely knowledgeable and dedicated to our learning. He was always prepared for discussion sections and aided conversation well. I also would have liked and appreciated more feedback on my exams from him.
  - Ben was great! Really helped clarify the course and was very patient and responsive.
  - She is extremely knowledgeable, friendly, and she's great at teaching.
  - always came very prepared, and did not just repeat what the professor said in class like most TA's. He helped us consolidate the information by creating timelines, games, etc. Really great ta
  - Ben's discussion sessions were some of the most organized and well presented sessions by TA's I have experienced while at Columbia. Very knowledgeable and brought in interesting outside material when applicable.
  - I found it valuable that Ben supplemented the lectures with more details. I would have appreciated it if we had received quiz warnings like the other TA did with her students.
  - Ben was an exceptional TA. While I learned a lot from Professor Berman throughout the course, I would not have done nearly as well in this class or this subject without Ben's guidance and clarification. Ben was extremely knowledgeable about the content of the course and Political Science as a field of study in general. Please hire him for Barnard's Poli-Sci department!!
  - knows so much about the topic and is always very willing to help!
  - Ben was great--sections were really well organized and he did a lot of timelines, which were helpful.
